**Secondary(Deduct) Water Meter
Installation Instructions & Rules as of 4/16/21**

1. A \$75.00 dollar plumbing permit is required for the installation of a secondary water meter paid to Town of Beloit. The current Meter cost is \$110.00 dollars plus sales tax \$6.05 = \$116.05 dollars. (Total \$191.05 paid to the Town of Beloit.)
2. Meter to be picked up from the Town of Beloit at 2445 S Afton Rd. Call 364-2980 Ext 10. (Badger Meter #25, 5/8" meter)
3. Meter to be installed indoors on a meter horn with no outside reader. Meter connected only to outside faucets & lawn sprinkler systems.
4. Installation to be done according to State of Wisconsin (DSPA) plumbing codes, PSC rules, and inspected by the Town of Beloit Plumbing Inspector. After installed, call the Town Building Inspector for an inspection 1-608-364-2980 x16.
5. Your Plumber must sign the water-piping affidavit (blue card) before credit is given. **(Return to the Treasurer's Office** at the 2445 S Afton Rd along with the original signed copy of the Instruction & Rules.)
6. Water meter must be calibrated once every eight years at the owner's expense.
7. The home owner or business owner is responsible to call the Town Hall Office (364-2980, ext. 10) with the meter reading between the **1st and 10th of January, April, and July** or the credit will not be given for that quarter. A Town of Beloit employee will read the meter between the **1st and 10th of October. Please read all eight digits, including zero's, on both the main and secondary meter.**

I, _____, on this date _____, do hereby understand that upon connection of a secondary water meter for outdoor water use, that I will no longer be given a summer lawn watering credit. I understand that any tampering with the secondary meter for indoor use will result in a substantial fine. I further understand that I must provide access between the 1st and 10th of October for a Town of Beloit employee to read the meter.
